WELCOME!

WE ARE FOR YOUTH DEVELOPMENT

Nurturing the potential of every child and tee, we believe all kids deserve the opportunity to discover who they are and what they can achieve. That's why through the Y, thousands of youth today are cultivating the values, skills, and relationships that lead to positive behaviors, better health, and educational achievement.

OUR MISSION

To put Christian principles into practice through programs that build a healthy spirit, mind and body for all.

OUR PHILOSOPHY

Camp is an exciting, safe community for young people to explore the outdoors, build self-esteem, develop interpersonal skills and make lasting friendships and memories. Our purpose is to present a quality, age-appropriate fun program while promoting healthy lifestyles, strengthening family relations, increasing international understanding and, developing leadership qualities and social responsibility.

In keeping with the Christian principles of our Mission Statement, the Rappahannock Area YMCA Day Camp will begin each day with an inspiring devotional. These devotions may include character values and Bible scriptures. We sing songs, some of which are Christian oriented, and we say a blessing before lunch. By putting our principles into practice, we feel we help promote a healthy spirit, mind and body for each child.

Our Staff

Our camp staff members are excellent role models for your children; we pride ourselves on our selection and careful screening to employ the finest camp counselors, directors, and support staff in the region. Candidates must meet strict YMCA Child Care qualifications which meet, and often exceed licensing standards. They must also meet YMCA Childcare Administration Guidelines; pass a background check, and participate in training and certification programs including First Aid, CPR, Prevention and Recognition of Child Abuse, Curriculum Planning, Child Development and

Illness

The health and safety of your child is of major importance to all of us. In order to protect the children in the program who are well, we have very strict rules about sick children. If your child becomes ill in our program, we will call you. You must then make immediate arrangements to pick up your child. Sick children cannot be with well children. Parent Responsibilities

- Keep proper registration information and current phone numbers in the child's permanent record. Emergency services may be delayed if the information is not provided.
- An "Authorization to Give Medication" form must be completed by the parent if a child requires Emergency medication while in the program. Medicines must be in the original containers. Please give specific instructions. Medication is stored in a locked area away from the children.
- If your child has the following, within 24 hours you must keep him/her at home or will be required to pick him/her up: Temperature of 100 F or more, contagious illness, vomiting or diarrhea
- Evaluations: Most importantly we need your comments and ideas for this program. Periodically, we will hand out evaluations. Please fill them out and return them to camp. Evaluations are used to inform staff of strengths and weaknesses.
- You are always welcome to visit camp. We also encourage you to talk with our leaders or day camp directors about the program and any needs or special successes your child is experiencing.
- Children's actions in camp often reflect problems they are experiencing at home (i.e. pet's death, parent's divorce, sibling disagreement, etc.). If any such disruptive or traumatic experience should occur, please inform the Camp Director or Counselor. This will enable us to better meet the needs of your child.

Discipline and Behavior Management

A child's participation in day camp depends upon his or her behavior. We certainly want each child to enjoy the activities planned and benefit from his or her experience with the Rappahannock Area YMCA.

Basic rules of safety and conduct are reviewed below. Please make certain that your child is aware of these rules. Parents will be informed by phone, in writing and through parent conferences if their child continues to display inappropriate behavior. General disciplinary techniques involve positive reinforcement for good behavior and careful explanation of behavior that is unacceptable. An activity will be denied for repeated poor behavior and the child will be directed to alternative activity.

Failure to comply with following rules may lead to disciplinary action, possible suspension and/or termination from the program.

- **Repeatedly engaging in fighting as a way to solve an issue.**
- **Stealing or defacing the site or other children's property.**
- **Refusing to follow basic safety rules.**
- **Repeated disrespect for staff or rude and discourteous behavior toward other children.**
- **Repeatedly displaying an inability to follow established guidelines.**

The parent will be given written notification of termination with a one-week period of obtaining new services. Immediate termination could occur if the YMCA staff feels it cannot maintain the safety and welfare of the child and/or other children.

Camp Shirts

All children receive a free camp t-shirt. Parents may buy extra t-shirts, as long as supplies are available. 7

Virginia State Licensing Information

The Commonwealth of Virginia helps assure parents that child day programs assume responsibility for the supervision, protection, and well-being of a child for any part of a 24 hour day. Title 63.1, Chapter 10 of the Code of Virginia gives the Department of Social Services authority to license these programs. While there are some legislative exemptions to licenser, licensed programs include child day care centers, family day homes and child & family day center systems.

Standards for licensed child day centers address certain health precautions; adequate play space, a ratio of children per staff member, equipment, program and record keeping. Criminal record checks and specific qualifications for staff and most volunteers working directly with children are also required. Standards require the facility to meet applicable fire, health, and building codes.

Compliance with standards is determined by announced and unannounced visits to the program by licensing staff within the Department of Social Services. In addition, parents or other individuals may register a complaint about a program, which will be investigated if it violates a standard.

Three types of licenses may be issued to programs. Conditional licenses may be issued to a new program to allow up to six months for the program to demonstrate compliance with the standards. A regular license is issued when the program substantially meets the standards of licenser. A provisional license, which cannot exceed six months, is issued when the program is temporarily unable to comply with the standards. Operating without a license when required constitutes a misdemeanor, which, upon conviction, can be punishable by a fine of up to \$100 or imprisonment of up to 12 months or both for each day's violation.

If you would like additional information about the licensing of a child day program or would like to register a complaint, please contact the Regional Office of Social Services closest to you.

Conclusion

We have planned a program for the children with their growth and development in mind. We are flexible. We have a basic plan, but can and do change when needed. If we do not finish something on the day we plan to, there is always tomorrow. We hope the children have fun and learn at the same time!
